

Certificate Number T.2020.08.0014
 Certificate Holder PO FUNG ELECTRONIC(HK) INTERNATIOANL GROUP COMPANY
 Certificate Holder Address 3/F FULOK BLDG
 131-133 WING LOK ST SHEUNG WAN
 Hong Kong
 Product Model Name BF-88E, BF-888S, BF-666S, BF-777S ,GT-1, BF-888Splus,
 BF-888SA, F8S
 Product Description TWO WAY RADIO
 Manufacturer
 (if different from Certificate Holder)

Type Examination Certificate	In accordance with Annex III of Council Directive 2014/53/EU, Radio Equipment Directive (RED), and the mutual recognition of their conformity we give our opinion that the submitted documentation for the apparatus identified above complies with the requirements of the directive in the scope stated below.
Marking	The apparatus shall be marked with the CE mark as required by the Council Directive 2014/53/EU.
Validity	The conformity stated in this EU-Type Examination Certificate is provided until the assessed type of equipment or the standard(s) has(have) undergone changes or modifications but not later than 10 years after the issue date of this certificate.
Annex	The certificate is only valid together with the annex.

Conformity Assessment

Essential Requirement	Examined Documentation	Result
Safety RED, Article 3.1a	Technical Documentation	conform
Health RED, Article 3.1a	Technical Documentation	conform
EMC RED, Article 3.1b	Technical Documentation	conform
Radio Spectrum RED, Article 3.2	Technical Documentation	conform

CE 2784

St. Ingbert, 31.08.2020

Place, issue date

Authorized Signature

EU-Type Examination Certificate

Product Characteristics

Brand Name	POFUNG, BAOFENG
Hardware Version	BF-666S-A21-V2.5
Software Version	BF-666S-A21-V2.5
Operating Frequency	446.00625- 446.19375 MHz
Output Power	24.62 dBm
Antenna	External Antenna(s)
Temperature	-10°C - +35°C

Accessories

Power	Battery	BL-1 3.7V, 1500mAh, 5.55Wh
	AC/DC Adapter	BF-Q530-USB Input: 100-240V~,50/60Hz 0.2A; Output: DC5V,0.5A

Evaluated Test Reports

Essential Requirement	Examined Documentation
Safety RED, Article 3.1a	EN 62471:2008 Report-No.: 68.140.16.233.01 issued by TÜV SÜD Certification and Testing (China) Co., Ltd. Shenzhen Branch

Limitations / Restrictions

- Body SAR was tested with a separation distance of 0 mm.
- Charging only with charger mentioned above.
- The assessed Technical Construction File is part of the application.

Notes

- Changes / Amendments of the specified regulations and standards during the validity of this certificate require a re-assessment of the product before placement on the market.
- The manufacturer is obliged to take all necessary measures to ensure ongoing conformity of the manufactured product with the approved type as described in this certificate and the requirements of Directive 2014/53/EU.
- The CE mark shall be affixed to each item of radio equipment that is in conformity with the type described in this certificate and that satisfies the applicable Directive requirements.
- A copy of the Declaration of Conformity drawn up by the manufacturer for each radio equipment type shall be made available to the relevant authorities and must be kept at their disposal for at least 10 years after the radio equipment has been placed on the market.
